- 5.20e A draft resolution has been crafted for creating a moratorium on development in the Corridor. There will be a call to action for the community to express their desires. Feedback from the engagement meetings will be instrumental in petitioning the city for designated developer status.
- 5.20f Moody Nolan will provide ESD with an agenda for the 5/27 monthly check in on Monday 5/24.
- 5.20g Feedback from the first large public meeting has been positive; people liked the precedent projects. Attendees would like to see more similar precedents and a deeper dive into those precedents. There is also a desire for more time in the main room following the breakout rooms and less time spent on individual introductions in the breakout rooms.
